Global Financial Accounting And Reporting

3.0 out of 5 stars Global Financial Accounting and Reporting - A book for advanced users. Reviewed in the United Kingdom on November 20, 2013. Verified Purchase. The writing style is very heavy, the paragraphing is dense and it isn't user-friendly. I'm not very happy with this even though my lecturer recommended it - it's a bit hard to get into.

International Financial Reporting Standards, commonly called IFRS, are accounting standards issued by the IFRS Foundation and the International Accounting Standards Board. They constitute a standardised way of describing the company's financial performance and position so that company financial statements are understandable and comparable across international boundaries. They are particularly relevant for companies with shares or securities listed on a public stock exchange. IFRS have ...
